

**MARIPOSA**  
**COMMUNITY**  
**HEALTH CENTER**

## You're an Internist who could go anywhere. *Why Mariposa?*

We are a well-established health care organization serving Santa Cruz County in majestic SE Arizona since 1980. With our main campus in Nogales, just 65 miles south of Tucson, Mariposa Community Health Center is guided by the belief that health care is a fundamental right, not a privilege, and should be made available to everyone.

We have the honor of taking care of nearly half of the residents in our county, from richest to poorest, with the mission of making a positive difference in their lives and those of their families.

We accomplish our goals with expert, dedicated providers and staff, state-of-the-art facilities and technology, and community based

education that's second to none. Our Health and Wellness Department (Platicamos Salud) is nationally recognized for its sweeping innovations and has been designated a Community Center of Excellence in Women's Health by the U.S. Department of Health and Human Services.

We work collaboratively with Carondelet Holly Cross Hospital locally, plus several major tertiary care hospitals in Tucson and numerous local, state and national organizations networking and striving to improve the health and wellness of everyone in this family of communities.

If this sounds like your kind of career opportunity, please contact Dr. Eladio Pereira at 520-281-1550
